

Whereas, notice inviting public comment was given in the **Federal Register** (63 FR 63451, 11/13/98); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that approval of the application, as amended, is in the public interest;

Now, Therefore, the Board hereby grants authority for subzone status at the pharmaceutical manufacturing plant of Pfizer Inc., located in Brooklyn, New York (Subzone 1A), at the location described in the application, and subject to the FTZ Act and the Board's regulations, including § 400.28.

Signed at Washington, DC, this 7th day of April 1999.

Robert S. LaRussa,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Foreign-Trade Zones Board

[Order No. 1035]

Expansion of Foreign-Trade Zone 183 and Expansion of Scope of Manufacturing Authority (Computer Products) Within FTZ 183, Austin, TX

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zone of Central Texas, Inc., grantee of Foreign-Trade Zone 183, submitted an application to the Board for authority to expand FTZ 183-Site 3 at the High-Tech Corridor site and to expand scope of FTZ manufacturing authority (computer products) for Dell Computer Corporation within FTZ 183, Austin Texas, within the Austin Customs port of entry (FTZ Docket 30-98; filed 6/11/98);

Whereas, notice inviting public comment was given in the **Federal Register** (63 FR 34145, 6/33/98) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that the proposal is in the public interest;

Now, Therefore, the Board hereby orders:

The application to expand FTZ 183-Site 3 and to expand the scope of FTZ manufacturing authority with respect to computer products is approved, subject to the Act and the Board's regulations, including Section 400.28, and subject to the Board's standard 2,000-acre activation limit.

Signed at Washington, DC, this 7th day of April 1999.

Robert S. LaRussa,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

BILLING CODE 3510-DS-M

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

National Estuarine Research Reserve System

AGENCY: Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

ACTION: Notice of approval and availability of revision to the final revised management plan for the Apalachicola National Estuaries Research Reserve, 1999-2004.

SUMMARY: Notice is hereby given that the Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, has approved the revised Management Plan for the Apalachicola National Estuarine Research Reserve (ANERR). The ANERR was designated in 1979 and has been operating under a Management Plan approved on August 27, 1993. Pursuant to section 315 of the Coastal Zone Management Act, 16 U.S.C. 1461, and 921.33(c) of the implementing regulations, a state must revise its management plan at least every five years, or more often if necessary. This revision is Florida's effort to comply with this requirement.

The revisions to the ANERR Management Plan include:

1. The revised management plan expands the Reserve boundaries from 193,758 acres to a total of 246,766 acres. The newly incorporated lands were previously described in the 1993 ANERR. Management Plan Revision as proposed areas for boundary expansion. The Florida Game and Fresh Water Fish Commission (GFC) amended an existing Memorandum Of Understanding with

the Florida Department of Environmental Protection (DEP) which adds 17,521 acres to Reserve boundaries. This addition extends the floodplain portion of the Reserve to the east and west. The expansion also includes 34,487 of Northwest Florida Water Management District (NFWFMD) floodplain lands bordering the Reserve's northern boundary. The inclusion of these lands expands the Reserve to Mile Marker 52 on the Apalachicola River. The lands and waters of the Reserve are all contiguous and the boundary expansion affords the Reserve considerably more influence in river basin issues.

The management plan revision places seven small but important tracts totaling 419 acres under ANERR's management. As a result, the Reserve now has lead-role management on 21,480 of the 246,766 acres. The remainder is managed under Cooperative Agreements with GFC and NFWFMD.

2. The revised management plan includes the addition of three permanent state positions to the ANERR staff; one each in research, education and resource management. There has also been an increase in state support for temporary employees.

3. Under a NOAA matching grant, the ANERR has constructed a new Administrative/Research facility. The 8,000 square foot building has 4,000 square feet of office space, a 1,000 square foot laboratory and 3,000 square feet of maintenance shop.

4. The revised management plan demonstrates continued strong support from the Florida DEP and NOAA for research, monitoring and education programs. The Resource Management section of the management plan describes the Reserve's expanded role in the management of upland resources. ANERR staff will now be involved with prescribed burning, dump-site cleanup, opening lands to the public and exotic plant control.

Copies of the document can be obtained from the Apalachicola National Estuarine Research Reserve, 350 Carroll Street, Eastpoint, Florida 32368. (850) 670-4783.
